-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Election/Restrictions

Applicant's election of the first species (claims 1, 2 and 4-11) in the reply filed on 7/29/07 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Hebert et al. (WO 97/17726).

Re claim 1, Hebert et al. disclose providing a semiconductor substrate (10); introducing at least a first buried layer (20) of the first bipolar transistor (50) and a second buried layer (20) of the second bipolar transistor (60) into the semiconductor substrate, and producing at least a first collector region having a first collector width (W_H) on the first buried layer and a second collector region having a second collector width (W_L) on the second buried layer (Fig. 10), wherein: a) for the production of the second collector width, a first collector zone having a first thickness is produced on the second buried layer, b) a second collector having a second thickness is produced on

the first collector and c) at least one insulation region (the isolation structure (FOX) above 22) is produced which isolates at least the collector regions from one another (Fig. 10).

Re claim 4, Hebert et al. disclose wherein the second collector zone is deposited.

Re claim 5, Hebert et al. disclose wherein the second collector zone is deposited epitaxially.

Allowable Subject Matter

Claims 2 and 8-11 are allowed.

The following is an examiner's statement of reasons for allowance: there is no disclosure in the prior art of producing a second epitaxial layer which covers over the whole area, at least the first epitaxial layer and the second zone of the first buried layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 6 and 7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michelle Estrada whose telephone number is 571-272-1858. The examiner can normally be reached on Monday through Friday.
